TAKING CARE

Cleaning your blind fabric is essential, not only to remove surface dust and stains, but it will also increase the longevity of your blinds. Use a feather duster, or a vacuum set on low with an appropriate attachment. Always exercise caution when spot cleaning. Use a clean, lint-free cloth or sponge and dip it in warm water. Dry gently with a clean towel. Always make sure to test any cleaning product on a small, discreet section of the fabric. Chemicals will permanently damage your fabric.

FOUR FAMILIES

RE-ESTABLISHED 2014

ALL THE FOUR FAMILIES FABRICS HAVE A LIGHT FASTNESS SCORE OF AT LEAST 6 ON THE BLUE SCALE (ISO 105-B02: 1994), WHICH ENSURES THAT THE COLOURS WILL STAY VIBRANT FOR MANY YEARS TO COME. COLOURS MAY VARY SLIGHTLY FROM ONE PRODUCTION BATCH TO ANOTHER. VARIATIONS ARE WITHIN INDUSTRY STANDARD (DELTA E READING $1 \leq$). PLEASE ALWAYS CHECK THE COLOUR BEFORE CUTTING.
